

Siskiwit LV Sea Kayak

The Siskiwit LV is the final refinement of a line of kayaks started from an anthropomorphically designed skin-on-frame kayak. It is an all-around, fast, mid-sized, British-style touring kayak. This boat suits a medium to heavy paddler looking for a boat with good initial stability, that is easy to edge and quick to turn. As the water gets rougher, this kayak feels more stable. It's a fast design slightly more efficient than most British kayaks in its class. When packing like a backpacker, the Siskiwit LV provides enough room to mount a tour of several weeks.

Designed by Bryan Hansel, www.paddlinglight.com

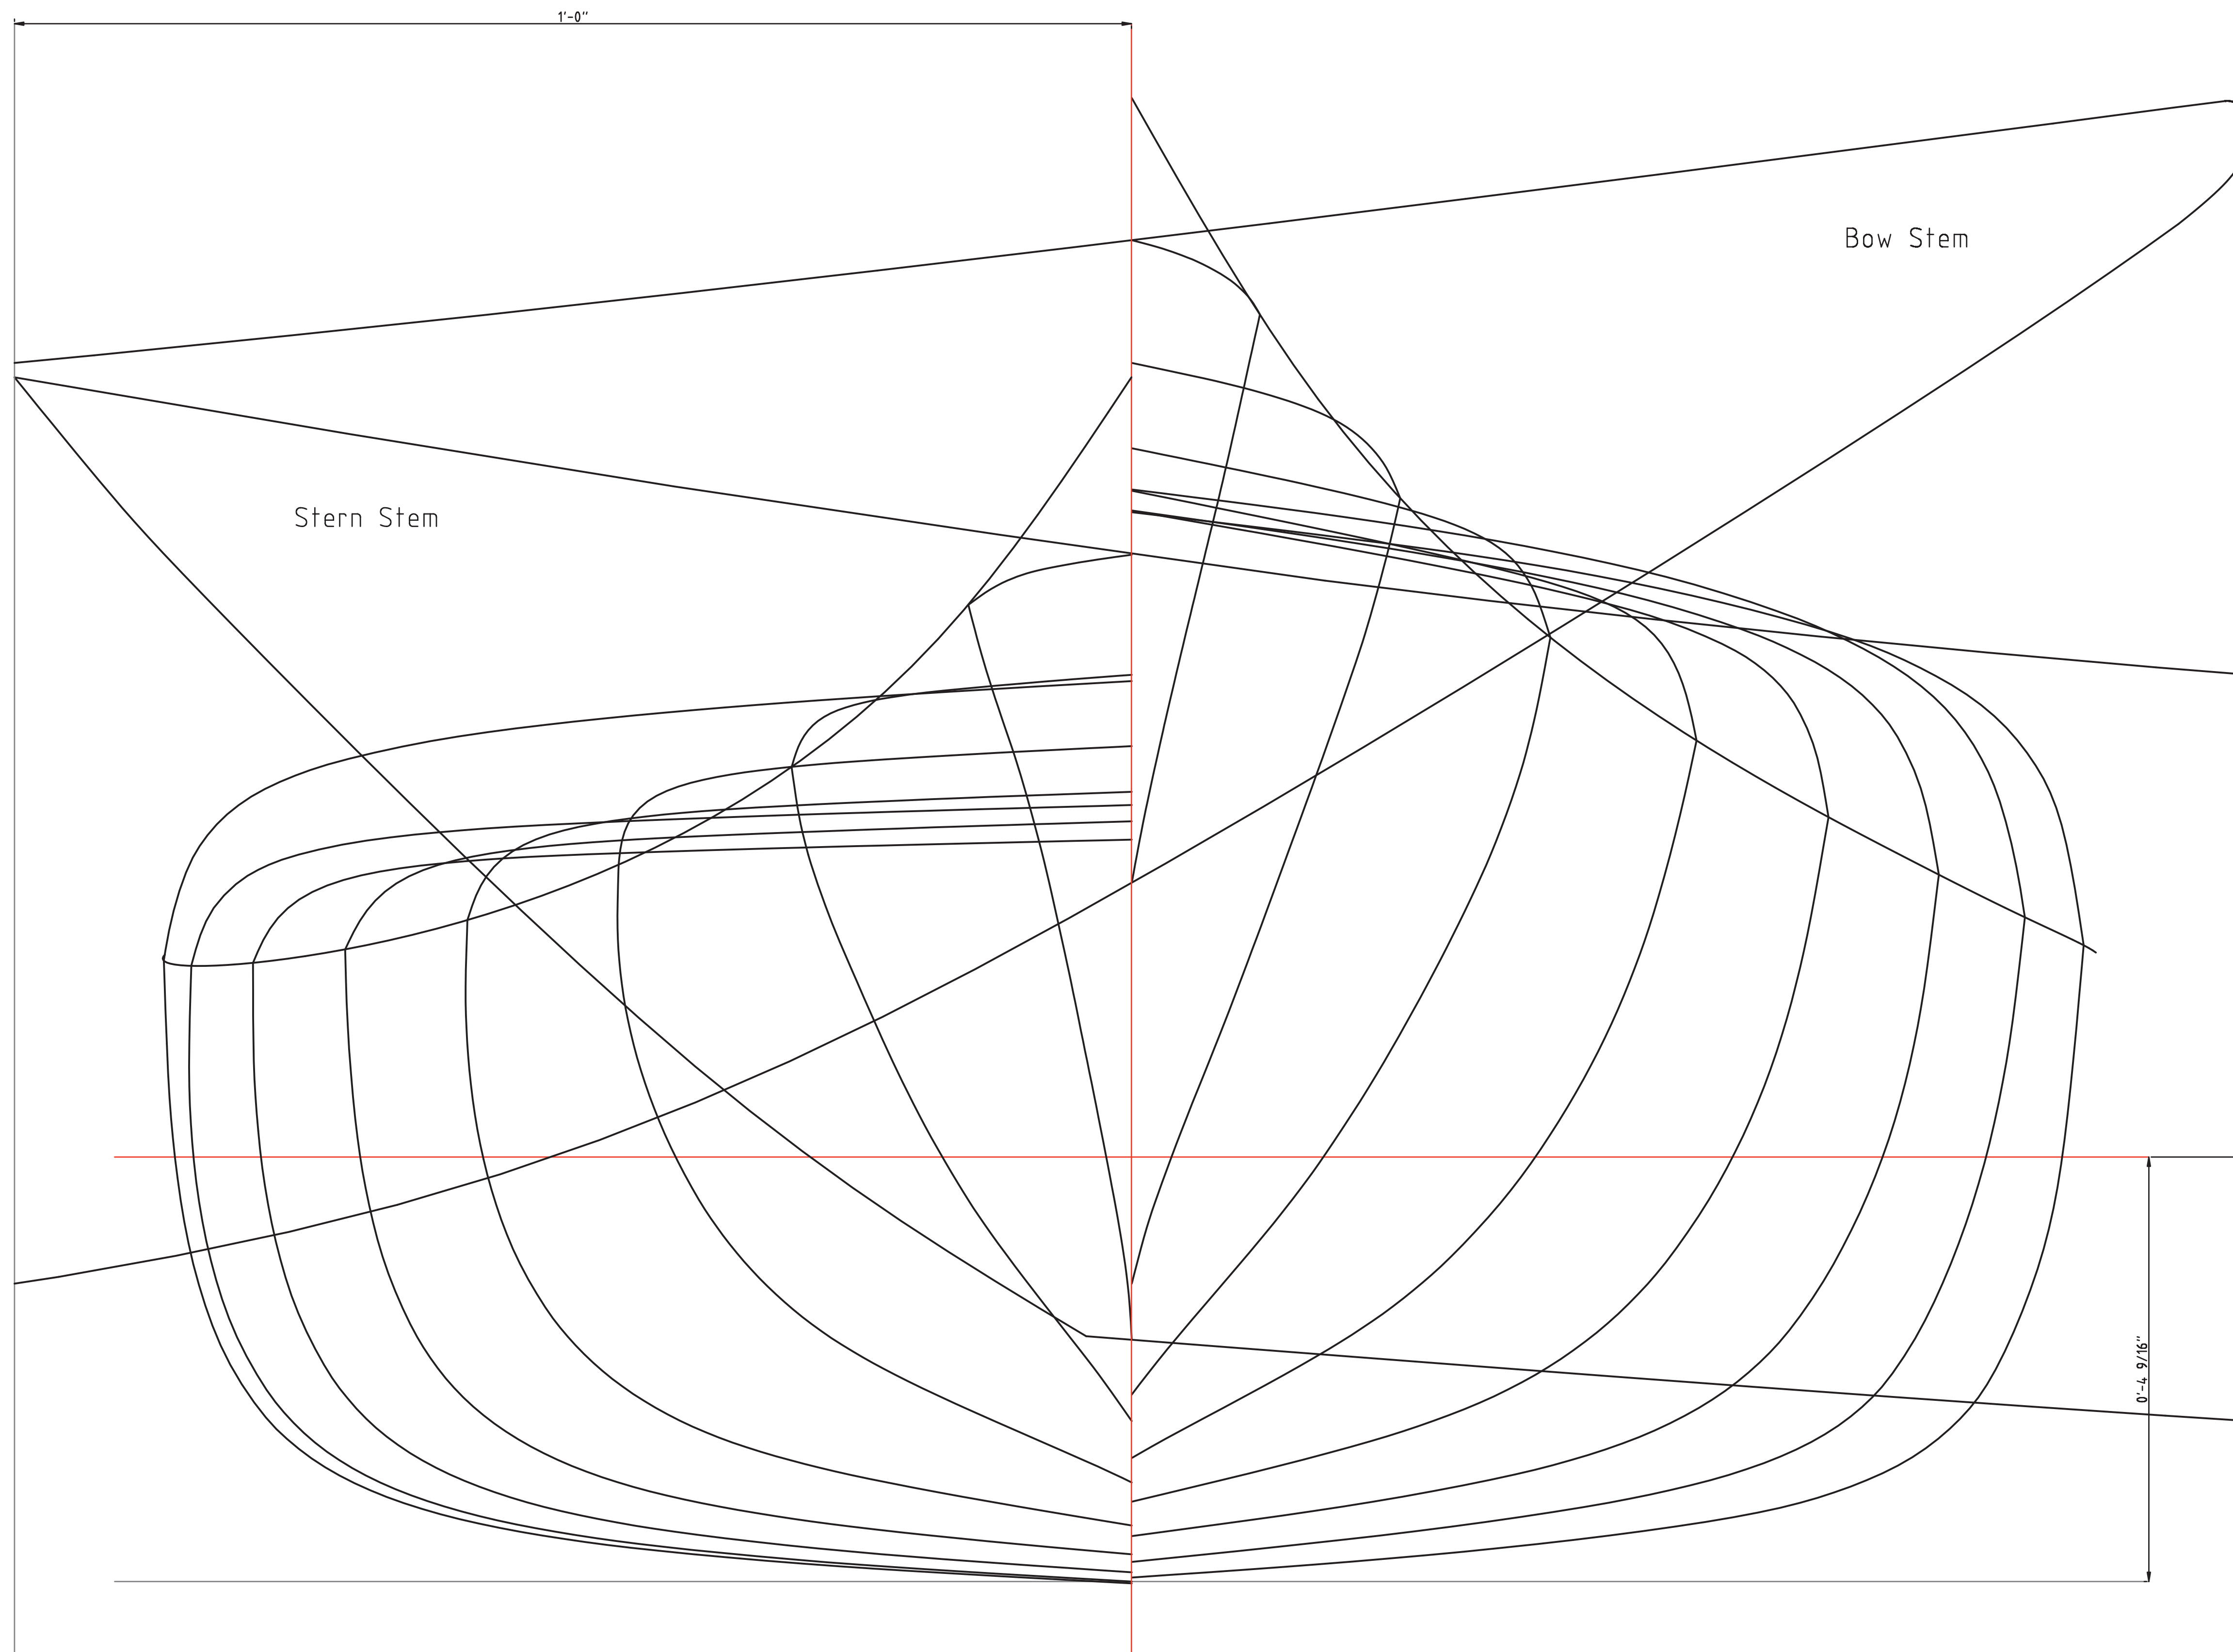

Dimensions

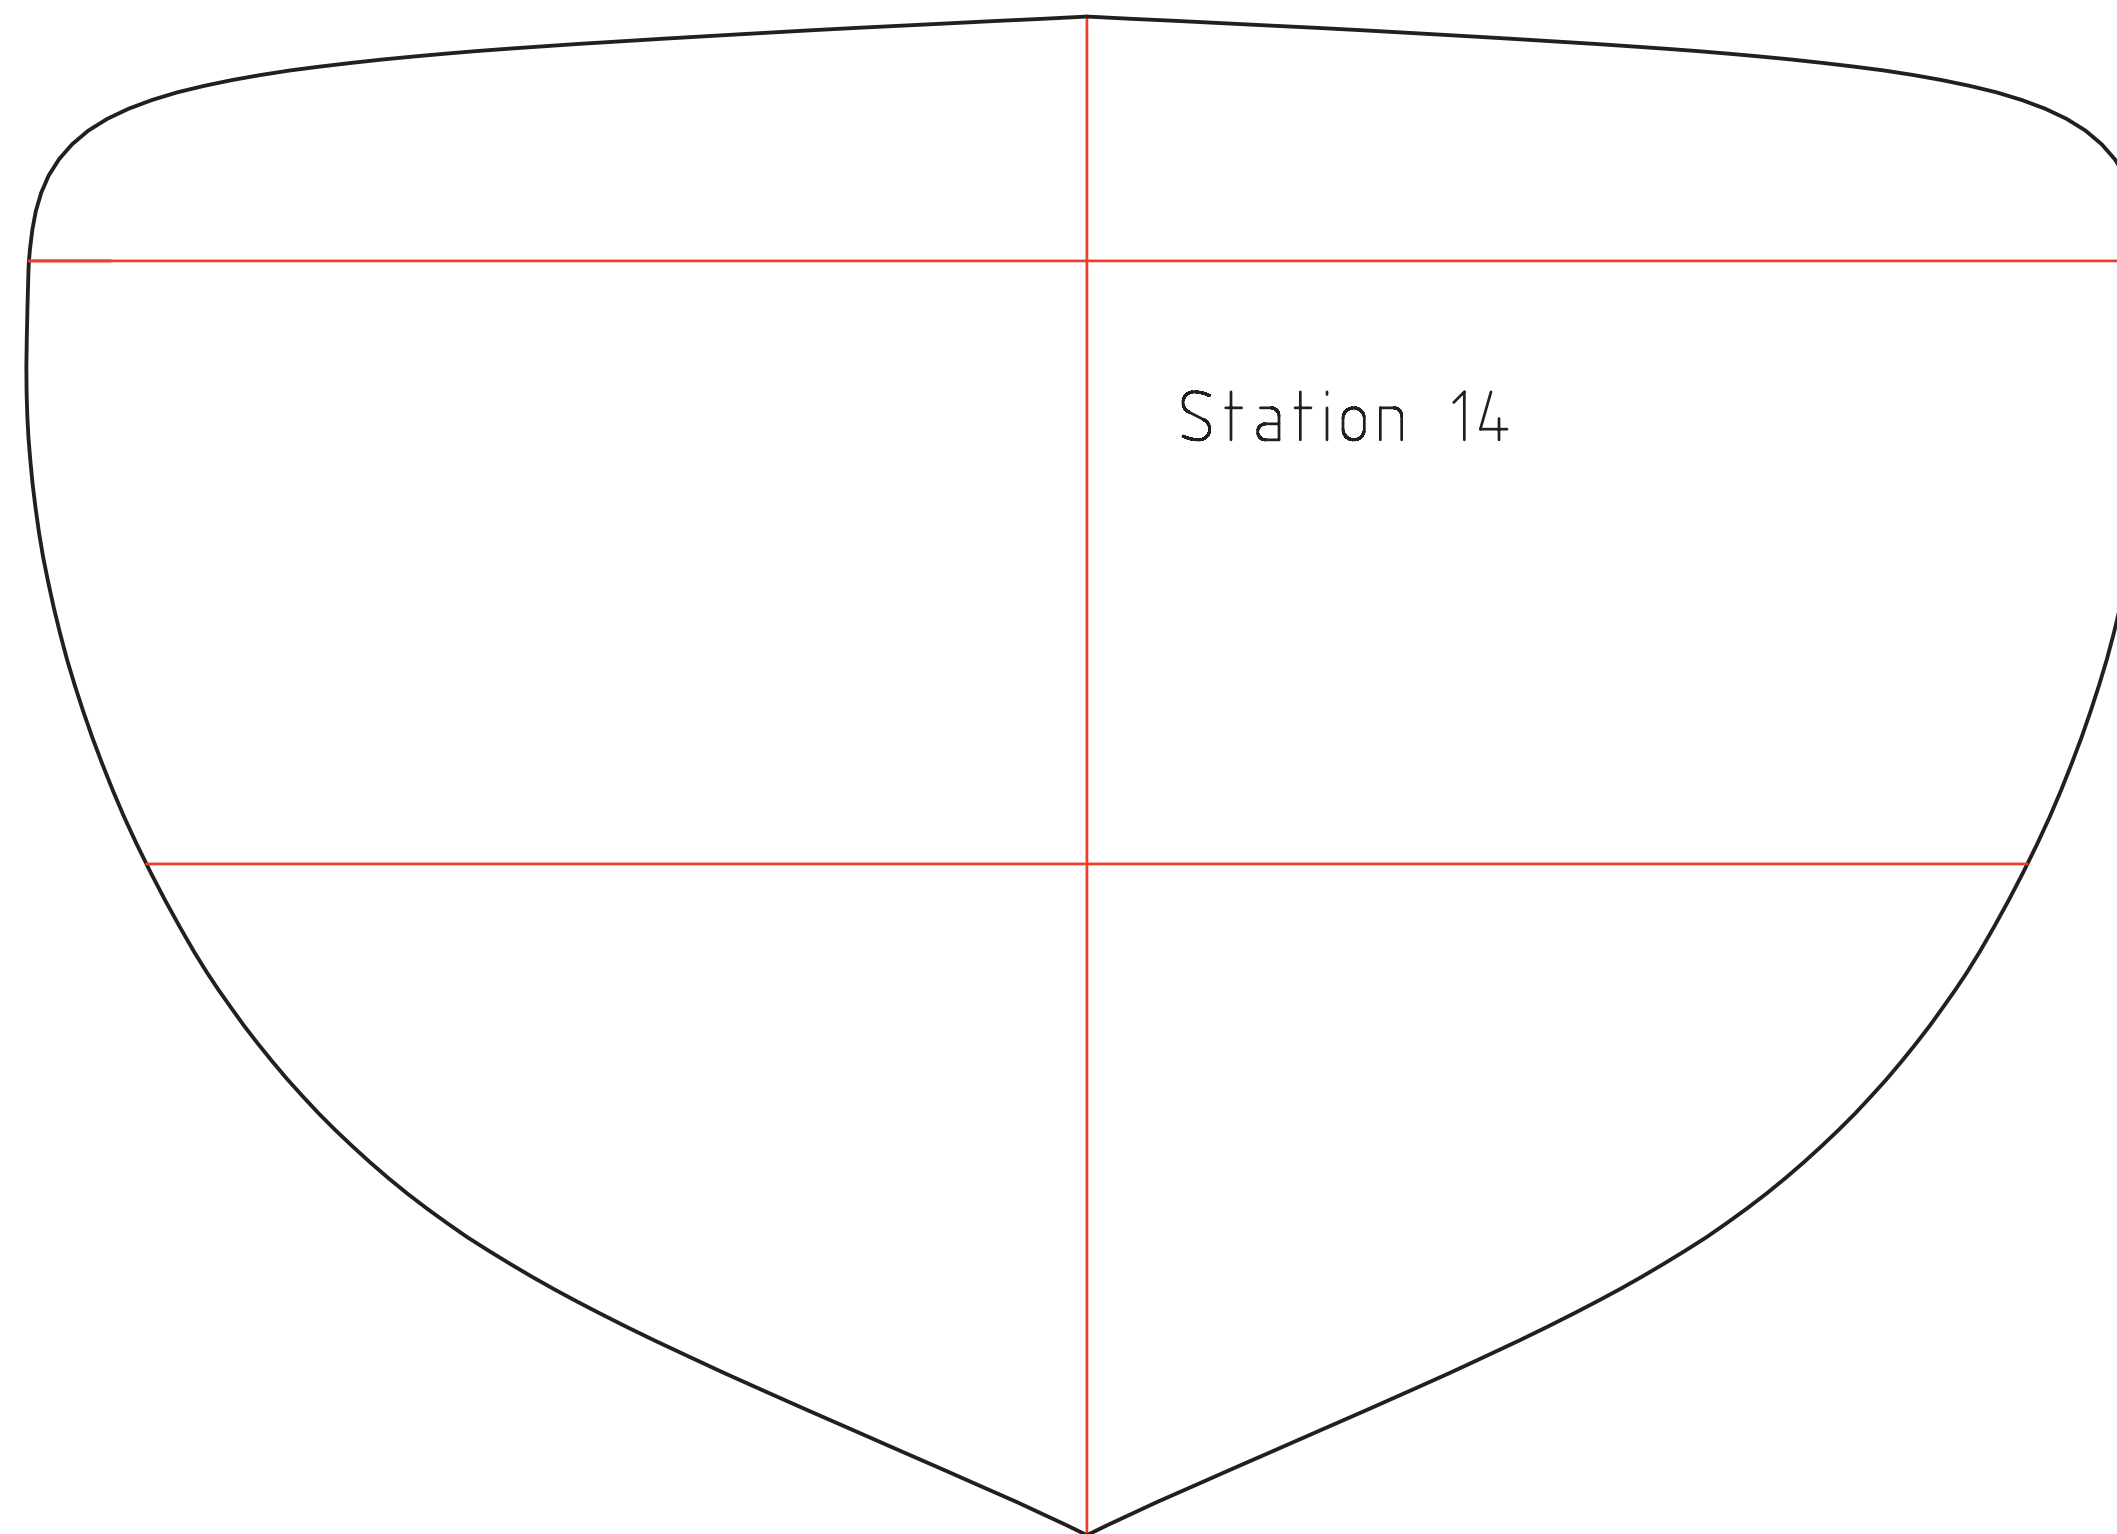

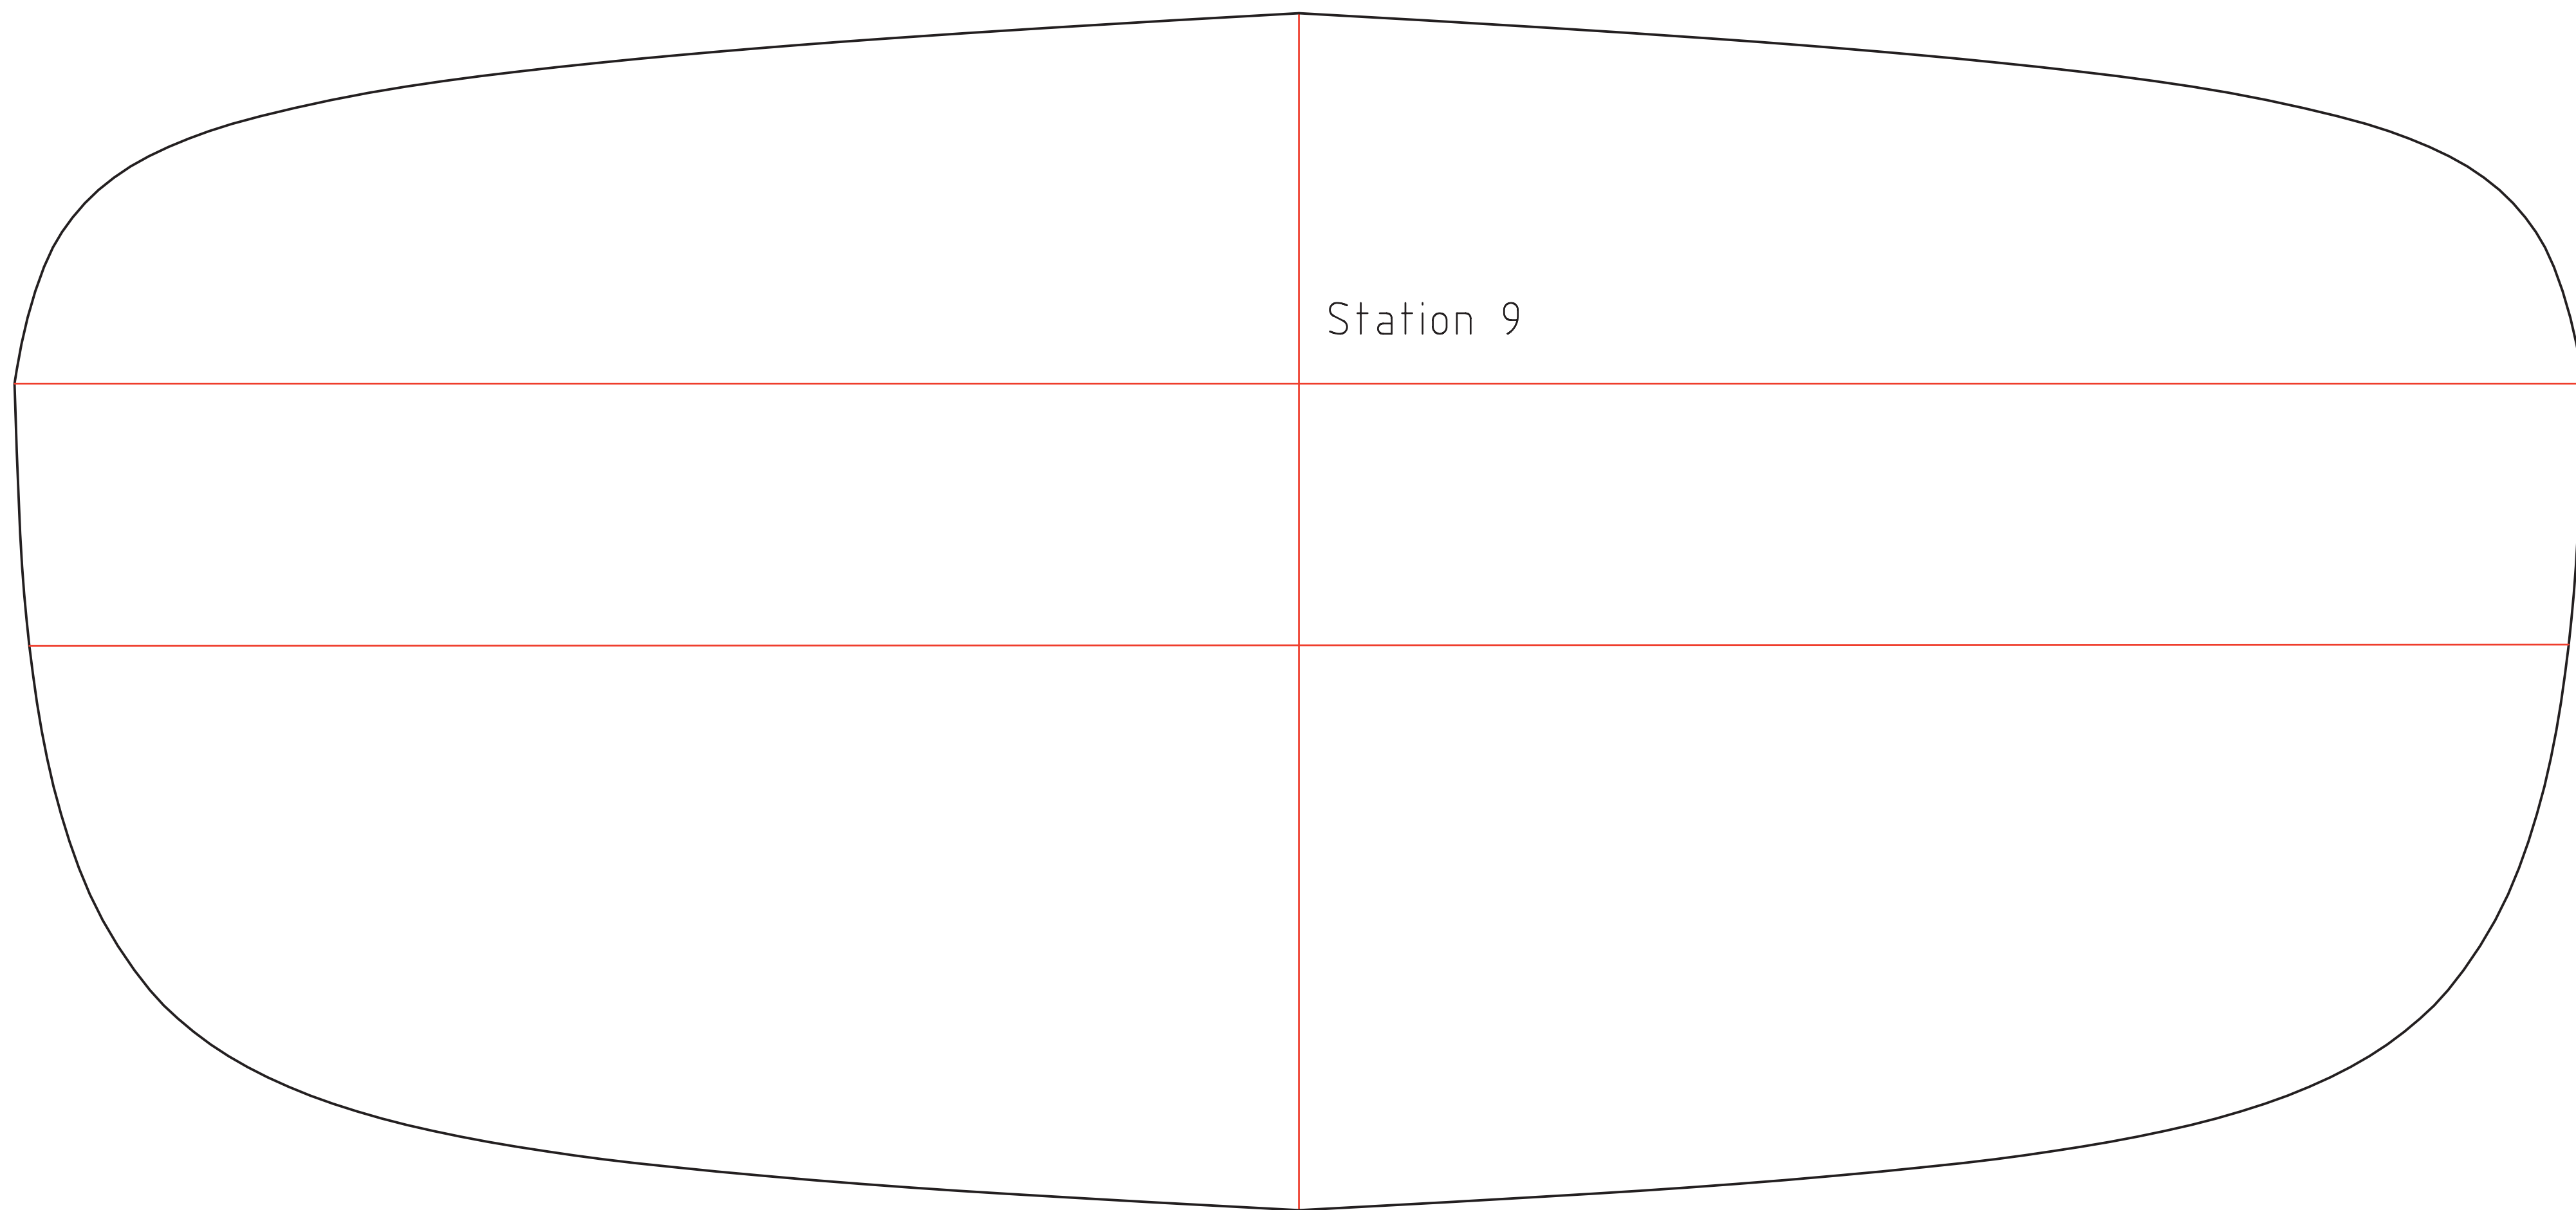

Length over all: 17 feet
Design beam: 21 inches
Design draft: 4 9/16 inches
Displaced volume: 4.167 cubic feet
Displacement: 260 lbs.
Length of waterline: 14 feet 9 inches
Waterline beam: 20 1/2 inches
Block coefficient: 0.4344
Prismatic coefficient: 0.5133
Wetted surface area: 19 square feet 8 inches
